

Worship Center (Preschool and Kindergarten)

Parents will be required to sign our Youth Program waiver.

Sunday Morning guests will not be asked to sign the Youth Program Waiver until their third week of attendance.

A masked attendant will check in children before entering the worship center.

Children will not be required to wear face masks while in Worship Center.

When children arrive, they will be instructed to first wash their hands in the bathroom. Hands will also be washed before snack, and at other times as needed.

We will promote social distancing by using clip boards for coloring and allowing students to choose a book or puzzle to do on their own.

Children will each have his/her own basket or packet of materials so they will not be shared.

All Volunteers will wear a mask while tending to children.

Masks may be removed when teaching the Bible story and singing. All will maintain social distancing during carpet time.

Snack: Volunteers will serve all snacks while wearing gloves and face masks.

One-Use policy: When a child finishes reading a book, using a puzzle, or playing with a play set, the item is no longer available for use.

Used seating towels will be laundered weekly.

There will be signs posted in the Worship Center, reminding all about social distancing and sanitizing practices.

All surfaces will be wiped down after class, along with any equipment played with. Windows will be opened, if the weather permits.

Sick leaders and/or participants will refrain from attending.
